REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is the inclusion in the claims that define the radioactive composite consisting essentially of the polymeric matrix and the radioactive powder as claimed, as well as, wherein the composite itself is formed to the shape as claimed, the composite being part of the therapeutic source as a whole. The claims are similar to those of parent application 08/563,087 and differentiate over the art for the same reasons set forth in the BPAI decision (examiner reversed) set forth on 3/17/2003.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
